
KIM SEYBERT
FALL / WINTER 2026 CATALOG

It's the most wonderful time of the year.

Nothing brings more joy, color and exuberance to the table than a festive holiday celebration. It is for this very reason that we continue to design and create table setting elements that are quintessentially Christmas – classic, traditional and timeless. Placemats, napkins, napkin rings and table runners are adorned with candy canes, garlands, reindeers, tartan, baubles and bows. Nostalgia and holiday magic are crafted with our signature artisanal hand-beading and embroidery techniques. These are the kinds of pieces that you pass down from one generation to the next.

While we dress the tables for the holidays, we also invite you to deck the halls with our collection of heirloom-quality and highly collectible Christmas stockings and tree skirts, as well as our new introductions of decorative Xmas Trees. These Yuletide accents make for merry centerpieces on the dining table and elegant flourishes on the fireplace mantel.

As a prelude to the holiday season, we also have offerings for fall including the sumptuously neutral reversible Bouclé Collection. Fashioned after a well-loved haute couture ensemble, it is rich and indulgent with chocolate colors on one side and hushed, sophisticated palette on the reverse. This duality makes the Boucle not only a cornerstone of Thanksgiving celebrations and fall festivities, but also an elevated everyday staple.

We also like to innovate at Kim Seybert and one of the highlights of our Fall/Winter 2026 Collection is the Tapestry Placemat. Using our signature beadwork, we assembled a melange of beads in ebullient colors to replicate the exquisite needlework of antique Flemish tapestries.

We invite you to discover the collection and always, we wish you happy entertaining.
